Based on the fisherman's type dinghies of old, the WBS Dinghies offer the opportunity to own something unique. Each model is available in two versions, to sail or row. The gaff rigged sailing versions make ideal all round knock abouts. Copper fastened with steam bent frames, fitted with laminated and tapered knees, our dinghies boast great carrying capacities. Our boats are built with a proven blend of modern technologies and traditional skills to ensure a hardy boat with a timeless elegance. Our dinghies plans and materials are also available through WBS and present a challenging and fulfilling experience for the accomplished woodworker.
